## TO MAKE SHIPS IMMUNE FROM U-BOAT ATTACKS.

NEW YORK, May 22.—Hudson Maxim announced today that he had invented and perfected a device which will make ships immune from the dangers of the submarine. He said that torpedoes, even when fired at close range and striking their targets, would explode harmlessly against the hulls of their intended victims.

The inventor made the announcement at a luncheon given in Brooklyn. He asserted that the invention soon will be demonstrated by the government, which already has been advised of the details.

"The invention is practical for every type of vessel," he said. "It can be applied within a few months, at a comparatively cheap price, to the hulls of ships already constructed. The only change necessary in vessels already built will be a slight enlargement in their beams."

"My device is of solid material and encircles the entire ship from the bow to the stern. It in no sense or manner resembles either a screen or net."

## PROSPECTS OF HOME RULE.

LONDON, May 23.—The main development in the preparation for the Irish convention during the last twenty-four hours is the convening of the standing committee of the Unionist Council Friday at Belfast to arrange for a summoning of a full meeting of the council for the purpose of considering the government's convention proposal. The standing committee, which is the council's chief executive, consists of seventy members, and the council, which is framed on democratic lines, numbers more than 500 members.

It is inferred that the committee does not intend to hasten matters, for it is stated in the Parliamentary lobbies that it will demand information concerning the character and composition of the convention before calling the council together.

The Irish Unionist Alliance meets in Dublin today under the presidency of Viscount Middleton to decide on the course to be followed by the Unionists of the west and south toward the convention.

Dublin correspondents of some leading newspapers say that, while the attitude of the Sinn Feiners is still doubtful, there is no ground for assuming that the extremist section's rejection of the convention is necessarily endorsed by the whole party. One correspondent suggests that probably 70 per cent. of the Sinn Feiners are ready to accept the convention.

The question of a president of the convention, which seems to be arousing little speculation in Ireland, is being much discussed here. The Daily News says the members of the Irish party wish the president to be an Irishman. The Daily Chronicle urges the Speaker of the House of Commons, Rt. Hon. James W. Lowther, for the position. The Morning Post says it is more than likely the president will be chosen from among men who have held high judicial positions in England.

## GIRL'S AMBITION SHATTERED.

At the dawning of her fifteenth birthday anniversary, Leona Fleming's aspirations to become a moving-picture actress were shattered shortly after midnight this morning when she was arrested by Officer Aubert as a runaway girl. The girl had been secluded in the Immaculate Conception Convent for eight years. She graduated three weeks ago. Since that time she had threatened to enter the film world.

The girl disappeared last Monday from the home of her mother at No. 3944C South Grand avenue. She was found in a dazed condition on a Hollywood street corner last night. The girl told Policeman Robinson that she had been staying around motion-picture camps until last night, when she was taken to a cafe on Spring street by a movie actor. The police believe she was drugged. Today is her fifteenth birthday.

## ALEXIEFF WARNS RUSSIAN ARMY.

PETROGRAD, May 22 (via London, May 23).—The first congress of the delegates of officers of the army and navy met at headquarters here today. More than 1600 delegates attended. Gen. Alexieff, commander-in-chief of the army, addressing the congress, recalled the cries of alarm, such as "the country is in danger," which had been heard in recent days, and said:

"There is good reason for these cries, for the combativeness of the army has noticeably decreased in consequence of dissension and mistrust between officers and men. The Russian army, which was so formidable yesterday, is stricken today with fatal impotency, and that, too, in the face of a terrible and tenacious enemy who is stretching out his eager hands toward the provinces of South Russia."

## PEACE TERMS OF RUSSIA.

AMSTERDAM (via London) May 22.—It is the Austrian Emperor's idea to offer very generous peace conditions to Russia, according to a German correspondent of the Tijd. These will include the integral re-establishment of Poland, free passage through the Dardanelles and even a loan to Russia.

The proposals were discussed at the recent meeting between Count Czernin, the Austro-Hungarian Foreign Minister, and Dr. Von Bethmann-Hollweg, the Imperial German Chancellor, at headquarters.

## CITY OF YONEZAWA BURNED.

TOKIO, May 22.—All the public buildings and 3500 houses in Yonezawa have been destroyed by fire. Yonezawa is an important town in the prefecture of Yamagata, with 36,000 inhabitants.

WASHINGTON, May 22.—The House of Representatives today passed a bill to amend the National Guard law, which will allow the government to call up the National Guard in times of emergency.

WASHINGTON, May 22.—The House of Representatives today passed a bill to amend the National Guard law, which will allow the government to call up the National Guard in times of emergency.

# LIBERTY LOAN BONDS ATTRACT

Salesmen Meet Big Success with Individuals.

Financiers Respond Nobly to War Campaign.

Even Shoppers are Solicited to Invest Funds.

(BY A. P. NIGHT WIRE.)

NEW YORK, May 22.—While financiers, banking houses, industrial firms and railways were subscribing large sums today to the Liberty loan of 1917, the committee conducting the campaign to sell war bonds were pressing their attention upon individuals, who, without bank accounts, might be induced to participate in the installment premiums.

John D. Rockefeller added \$2,000,000 to the amount with which he practically subscribed. Max J. Breitenbach bought \$1,000,000 worth of Liberty bonds. The Canadian Pacific Railway, the Louisville and Nashville and the American Brass Company \$1,000,000 worth each. Other large subscriptions were made from \$100,000 to \$500,000. The Liberty Loan Committee here announced it would place its facilities without cost at the disposal of all persons wishing to have their bonds kept safely.

"THIS WAY!"

Shoppers entering department stores found themselves confronted by special salesmen who greeted them with the words: "Right this way for the Liberty loan. Don't be slower. If you don't see, invest this way and buy your bond."

This solicitation was effective, and it was believed to be the first time in the history of the Liberty loan campaign that a million dollars' worth of bonds were sold in a single day. The salesmen were burning by buying a Liberty bond.

The persistence of bond salesmen has been responsible for a number of odd incidents involving the successful sale of bonds. One salesman discovered last night an ancient violin, which he had bought for \$100, when the salesman uncovered his character. The salesman kept in touch with the violin throughout the night, and early today hurried him in an automobile to a bank. The bonds were purchased and the violin sold.

IN SMALL LOTS.

To enable persons of small means to buy Liberty loan bonds on an installment plan basis, the Federal Reserve Bank of New York is in conjunction with the loan committee, is perfecting a plan for the issuance of participation certificates, it was announced tonight.

The certificates probably will be in denominations of \$10. They will bear the same interest as bonds and may be exchanged for bonds when the holders accumulate the required \$100 worth.

Although it is not proposed to have the certificates negotiable in the sense of 118 bank notes, the committee points out that they may become so in course of time, this depending entirely upon merchants and others to whom they may be tendered. The committee expressed the hope that stores will buy the certificates and sell them over the counter to persons who would like to buy bonds, but whose means will not permit them to invest as much as \$10 or \$100 at one time.

SPECIAL RATE.

The Federal Reserve Bank of New York issued a statement tonight to the effect that it established a special discount rate of 3 1/2 per cent. for paper given for the purpose of purchasing Liberty loan bonds of the government about to be issued, such paper having a maturity of not exceeding ninety days. This special rate, it was said, will only apply to the purchase of paper which has been secured by a pledge from the customer to the member bank of United States bonds or interim receipts therefor, or United States certificates of indebtedness.

ROOSEVELT'S VIEW.

In a letter today to Guy Emerson, secretary of publicity of the Liberty Loan Committee, Col. Theodore Roosevelt asserted it was the duty of every man and of every woman in the country who can possibly afford to do so to buy Liberty bonds in order that they may have food and clothing for our soldiers and freely furnished to our soldiers who go to the front.

Col. Roosevelt said he had invested in the bonds.

As an encouragement to aviators throughout the country to participate during the week of June 3 in a "Liberty loan aerial rally," the Aero Club of America has arranged to present a \$100 bond to each flyer who reaches the destination assigned to him. Flights in the West probably will be arranged from San Antonio, Tex., and Columbus, N. M., in cities in those States; from San Diego to points in California, Arizona and Nevada.

The plan is for the flyers to drop pamphlets regarding the loan, and in some instances, to carry members of the Liberty Loan Committee, who will address the crowds at all stops.

# SECURITY LEAGUE PROMOTES BONDS.

(BY A. P. NIGHT WIRE.)

NEW YORK, May 22.—The National Security League announced today it had taken active steps to promote the sale of Liberty bonds. Letters were sent to the chairman of 25 branches throughout the country urging the 100,000 members to get in touch with local Liberty loan committees or to help organize new committees in places where none exist and subscribe to the bonds.

The American Car and Foundry Company has subscribed \$1,000,000 to the loan.

which the German people have never consented to.

MADDOO TO MAKE SECOND TOUR.

(BY A. P. NIGHT WIRE.)

DENVER, May 22.—Secretary McAdoo of the Treasury Department made his last late today his intention to make a second trip on behalf of the Liberty loan. This journey will carry him to New York, Boston, Detroit, St. Louis, Cincinnati, Pittsburgh and Harrisburg, Pa. He will leave Washington June 4 to make this tour.

"Because of the patriotic response of the people of the cities I have already visited and the deep interest they have displayed in the Liberty loan," Secretary McAdoo announced upon his arrival here, "I am convinced I should go to other cities and explain the situation."

"I have found the people of the Middle West and West co-operating magnificently to make the Liberty loan a success. We must greatly over-subscribe this first issue of \$2,000,000,000 to show the enemies of Liberty that the American people are capable of doing more than is generally supposed."

The plans of Secretary McAdoo's present trip, which already have been announced, called him to New York, Boston, Detroit, St. Louis, Cincinnati, Pittsburgh and Harrisburg, Pa. He will leave Washington June 4 to make this tour.

SPEAK AT NEW YORK.

After remaining a week in Washington attending to details of the Liberty loan and other Treasury Department matters, Mr. McAdoo plans to leave for New York, Monday, June 4, for a speech at Carnegie Hall. He will speak in Boston, June 5, in Detroit, June 6, in St. Louis, June 7, at the annual convention of the Advertising Clubs of the World at Louisville, Ky., and at Cincinnati, June 8, and at Pittsburgh, June 9, returning to Washington June 10, five days before the closing of subscriptions to the \$2,000,000,000 Liberty loan.

Mr. McAdoo arrived at Denver at 5 o'clock, two and a half hours late. Despite the delay and consequent changes in the programme he was given an enthusiastic reception as the parade of automobiles led by a military band and a company of infantry passed through the business district from the station to the auditorium.

The vast crowd, which filled every available part of the theater portion of the building, had been waiting more than an hour for the Secretary's arrival and gave him a tremendous ovation.

Before discussing the Liberty loan, Mr. McAdoo told his hearers that the war was "just as unescapable for the American people as it is to escape the rising of tomorrow's sun."

After repeating President Wilson's statement that the United States is not fighting the German people but "the German military system which is trying to enslave the world," Mr. McAdoo said:

"This is the only kind of war the United States could afford to engage in. We would not go into any war for material ends," he declared.

"We are fighting for an ideal which is the only thing that makes any nation great."

Mr. McAdoo referred to the necessity for financing part of the war by taxation.

"We shall probably have a total of \$10,000,000,000," he said. "He pointed out that the total amount of the new taxation proposed was only \$1,000,000,000, or 10 per cent. of the total financing to be done."

"Eighteen per cent. of the total \$10,000,000,000," he added, "is the very least possible amount to be raised by taxation if we undertake to finance this war conservatively and soundly. Never was there a nation so able to bear that taxation as the American nation and never was a time when the American people were more willing to make the essential sacrifices to meet the situation."

VICTORY NECESSARY.

Referring to the necessity for victory, Mr. McAdoo said that if Germany defeated Great Britain and France and took possession of the British fleet, she would make it very uncomfortable for the people of the United States.

"The amount of indemnity you would have to pay," he said, "would be thousands of times greater than any amount you will have to expend now in carrying this war to a successful issue."

Mr. McAdoo left late tonight for Kansas City.

# PARIS DRESSMAKERS ON STRIKE ONCE MORE.

(BY ATLANTIC CABLE AND A. P.)

PARIS, May 22, 3:05 p.m.—The ranks of the Paris dressmakers whose strike was renewed yesterday because of the rejection of their demand for a Saturday half holiday, were augmented today by women engaged in other trades, including milliners of lingerie, corsets and fur, together with additional employees of millinery establishments. The strikers entered in parades and demonstrations which, however, were not accompanied by any disorder.

# MEXICO HAS PROTESTED THE SUBMARINE WAR.

(BY ATLANTIC CABLE AND A. P.)

AMSTERDAM (via London) May 22.—A Berlin dispatch to the Exchange Telegraph Company says that the Mexican Minister to Germany is reported to have handed a note to the German government protesting against the submarine campaign. The report followed a conference between the Mexican Minister and Foreign Secretary Zimmermann on Monday.

AN UNDERSTANDING.

(BY A. P. NIGHT WIRE.)

MEXICO CITY (Mex.) May 21.—It was indicated here today that a thorough understanding existed between the government officials that the United States had not and would not exercise pressure to force Mexico to take sides in the war.

Gen. Alvarez Obregon, who recently

# PREMIER RIBOT DEFENDS ARMY.

Says Conduct of Soldiers has been Admirable.

Will Deal with Submarines with a Firm Hand.

Answers Russian Statement Regarding Indemnity.

(BY ATLANTIC CABLE AND A. P.)

PARIS, May 22.—Parliament was reopened today and the expected interpellations regarding the conduct of the war were presented in the chamber. Addressing the Deputies in regard to the interpellations, Premier Ribot said:

"I recognize that the representatives of the people desire some explanations. These may be given publicly. The public, like yourselves, has the right to be informed. Secret sessions may well be reserved for military operations. The Minister of War now works in co-operation with the military committee of the chamber. I ask postponement of the discussion on this point until the work of bringing about co-operation has been completed."

"In reference to submarine warfare I recognize that while the con- nage loss has diminished we must seek more energetic and decisive means of dealing with submarines. We will consider that situation further on Friday."

"As to the food supply we are ready to discuss it as soon as possible, believing that the country has not been sufficiently informed."

# RUSSIAN SITUATION.

Taking up the Russian situation, Premier Ribot said it was necessary to combat dangerous sophisms, which sought to treat the restoration of "our lost provinces" as being a question of principle, even though it involved the question of indemnities for ravages in the invaded provinces.

"This indemnity is a contribution which is inflicted as a fine for wrong done," said the Premier. "It is a contribution which both law and equity demand. The same reparations should be required for all nations which have been crushed, for Belgium, Serbia, Rumania and Montenegro."

"It is not a question of covetousness—that, in substance, is what the Russian government declares. France replies that it could not oppress any nation, even its enemies. It will call to its aid to defend the small nations not vanquished by its arms."

# FOR DURABLE PEACE.

"What France also wishes is a durable peace, but we don't wish military despotism. We ensure that we can destroy this durable peace when it is once made. If the German people comprehend this, it would make peace easier to attain."

"That is the view of Russia at the moment when the United States is making preparations to enter the war. Now let Russia make her offensive and we will be able to talk of peace not in an empty manner, but openly, and this peace, if they do not ask it of us, we will impose."

# PREMIER APPLAUDED.

Premier Ribot was applauded as he concluded his speech. The government submitted to the chamber the estimates for the third quarter of the year, the general budget totaling 1,844,000,000 and the supplementary budgets totaling 1,012,000,000.

The general budget shows an increase of 1,100,000 over the second quarter of the year but slightly below what is expected under the Ministry of Finance to permit the army to be re-equipped.

"For the first time since the beginning of hostilities the aggregate of government expenditures has shown a certain tendency toward stability."

The chamber fixed May 31 for the submarine debate and June 1 for the discussion of France's military policy and the question of delegates from France attending the international socialist conference at Stockholm. The chamber then proceeded to discuss the question of food supplies.

# ON ELECTION LAWS.

(BY A. P. NIGHT WIRE.)

CINCINNATI, May 22.—United States District Judge Hollister today sustained a demurrer to the indictment which charged ninety-nine men with having violated the election laws here at the election last November. This action serves to throw the cases out of court without trial.

In realization of the necessity for concerted action in this crisis and in answer to appeals for counsel in the matter, the undersigned, after consideration which has in some cases reversed original opinion, united in stating their belief that all conscientious objectors should register and indicate in the way provided by the law their personal opposition to participation in war. Obedience to law, to the utmost limit of conscience is the base of good citizenship. Public understanding and sympathy in this crisis should not be hindered by misdirected action. The moral issue involved should not be confused. The opportunity provided by the bill to specify one's class in exemption from military service should not be missed by those who desire to state their objection to that service on religious or other conscientious grounds.

"We therefore urge all conscientious objectors to register, stating their objection in such form as they may think best at that time."

# Draft Law.

(Continued from First Page.)

clared your intention (specify which?)

EXPLANATION.

"1.—If you were born in the United States, citizen of Alaska and Hawaii, you are a natural born citizen no matter what may have been your citizenship or nationality of your parents. If you were born in Porto Rico you are a citizen of the United States unless you were born of alien parents. If you were born abroad you are still a citizen of the United States, if your father was a citizen of the United States at the time you were born, unless you have been patriated yourself."

"2.—You are a naturalized citizen if you have completed your naturalization, that is if you have taken your final naturalization papers, but you are not a citizen if you have only declared your intention to become a citizen, (that is, if you have only taken out first papers.) In the latter case you are only a 'declarant.'"

"3.—You are also a naturalized citizen if you have taken your naturalization oath before a naturalization court, your intention to become a citizen of the United States, and you have been sworn in before the court. If you are a declarant, you are not a citizen until you have taken your oath before a naturalization court. Your intention to become a citizen of the United States, and you have been sworn in before the court. If you are a declarant, you are not a citizen until you have taken your oath before a naturalization court."

# GERMAN RAIDER IS ONCE MORE REPORTED.

(BY A. P. NIGHT WIRE.)

NEW YORK, May 22.—Information that the British naval authorities suspected that a German sea raider escaped from a German port and was at large was brought to the attention of the British naval authorities today by an arriving Belgian relief ship.

The Belgian captain said his vessel was fired upon by a British cruiser on May 13 off the north of Scotland. The relief ship halted and was examined by the British. The latter explained, the Belgian captain reported, that the relief vessel was carrying four masts, was mistaken for a four-masted raider which was believed to have left Germany under the guise of a merchantman.

# REGISTRAR SPEEDS UP PREPARATIONS.

DRAFT MACHINERY IS TO BE READY TOMORROW.

With Time Limit Moved Ahead a Week, Things Hum in County Office—Southern California Director of Conscription Procedure Arrives from East.

David B. Lyons, registrar of voters, became the temporary center of Los Angeles county's preparation for war yesterday when he received word from Washington to have his machinery of registration for the army draft perfected by tomorrow evening. As that limit is more than a week in advance of the period formerly assigned for the multitudinous preparations, Registrar Lyons abandoned red tape yesterday and introduced wartime speed at all must be in readiness by Thursday was brought by G. Harold Powell, superintendent of registration for Southern California. Mr. Powell came from Washington, via Sacramento, directly here to speed up the work of registration for the army draft. Registrar Lyons at once had a conference with County Purchasing Agent Plummer regarding necessary supplies. Where under ordinary routine it requires from four to six days to get the supplies, the two men arranged to have them ready in that many hours.

Registrar Lyons mailed an appeal for copies to the election inspectors in the forty-second registration districts still unorganized out of the total of 441. A complete set of printed instructions went with the appeal.

The West has made just as effective arrangements for preparedness as the East and is just as patriotic in every particular, though being farther removed from the scene of actual hostilities, it is not quite so vocal," said Mr. Powell yesterday.

NEW YORK, May 22.—Information that the British naval authorities suspected that a German sea raider escaped from a German port and was at large was brought to the attention of the British naval authorities today by an arriving Belgian relief ship.

The Belgian captain said his vessel was fired upon by a British cruiser on May 13 off the north of Scotland. The relief ship halted and was examined by the British. The latter explained, the Belgian captain reported, that the relief vessel was carrying four masts, was mistaken for a four-masted raider which was believed to have left Germany under the guise of a merchantman.

# REGISTRAR SPEEDS UP PREPARATIONS.

DRAFT MACHINERY IS TO BE READY TOMORROW.

With Time Limit Moved Ahead a Week, Things Hum in County Office—Southern California Director of Conscription Procedure Arrives from East.

David B. Lyons, registrar of voters, became the temporary center of Los Angeles county's preparation for war yesterday when he received word from Washington to have his machinery of registration for the army draft perfected by tomorrow evening. As that limit is more than a week in advance of the period formerly assigned for the multitudinous preparations, Registrar Lyons abandoned red tape yesterday and introduced wartime speed at all must be in readiness by Thursday was brought by G. Harold Powell, superintendent of registration for Southern California. Mr. Powell came from Washington, via Sacramento, directly here to speed up the work of registration for the army draft. Registrar Lyons at once had a conference with County Purchasing Agent Plummer regarding necessary supplies. Where under ordinary routine it requires from four to six days to get the supplies, the two men arranged to have them ready in that many hours.

Registrar Lyons mailed an appeal for copies to the election inspectors in the forty-second registration districts still unorganized out of the total of 441. A complete set of printed instructions went with the appeal.

The West has made just as effective arrangements for preparedness as the East and is just as patriotic in every particular, though being farther removed from the scene of actual hostilities, it is not quite so vocal," said Mr. Powell yesterday.

RELY ON ALIBI  
IN BOMB CASE

Mrs. Mooney's Attorneys Claim  
Inkling of Defense.

Claims She was Mile Away  
Time of Explosion.

Fixed Opinions Act as Bar to  
Many Talesmen.

(BY A. F. NIGHT WIRE.)  
SAN FRANCISCO, May 22.—Mrs. Mooney's defense in her trial for murder, which started here yesterday, will be that she was about a mile away from the place where a bomb exploded July 22, 1916, killing ten persons. This was announced in court here today by her counsel, in the course of an examination of talesmen which lasted all day. At nightfall four jurors had been sworn. The State had used four of its ten peremptory challenges, and the defense four of its twenty. Judge Emmet Sewall mentioned the sworn-in jurors and read newspaper accounts of the trial, nor anonymous letters.

Fixed opinions as to the guilt or innocence of the defendant released many talesmen in the course of the day. Under the California law, a man is eligible to jury service if he believes he can disregard any opinion he may have and give a verdict on the evidence.

BROWN IS PREJUDICED.  
Simson Brown, a retired farmer who used to live in Sacramento, was not sure.

"If you were to write your verdict now, what would it be?" asked Judge Emmet Sewall, who frequently took a hand in the proceedings.

"Guilty," said Brown promptly. The court excused him. C. E. Todd, an accountant who believed the bomb was planted on the sidewalk, was not accused because although the defense insisted this was a vital point. It is the contention that the bomb was thrown from a roof. Todd was not out by peremptory challenge by the defense.

John C. Burton, a mule driver in the army, was excused after his name that military necessity demanded him constantly.

John A. O'Connell, secretary of the San Francisco Labor Council, was excused on grounds that the organization had contributed funds to the defense. Twelve other talesmen were excused for fixed opinions and opposition to the death penalty.

A MILITARY WEDDING.  
Lieut. Mayo Marries Miss Davidson Thompson at Bay City.

(BY DIRECT WIRE.—SPECIALS WIRE.)  
SAN FRANCISCO BUREAU OF THE TIMES, May 22.—The military note that invariably adds a festive charm to a wedding was interpreted in an unusual manner when, in Mill Valley, where Miss Dorothy Thompson, daughter of Mr. and Mrs. Charles H. Thompson, became the bride of Lieut. George Mayo, United States Army.

While the decorations at the church, exquisite in their arrangement, were more like other weddings, the ceremony was ruled over by the appointed wedding breakfast served out of doors at the bride's home.

Lieut. and Mrs. Mayo are en route to their new home in El Paso, where they expect to be stationed for some months, at least.

Lieut. Mayo is the son of Admiral Henry T. Mayo, commander-in-chief of the Atlantic fleet, and Mrs. Mayo has many friends in this city where he passed the greater part of a last year, later receiving orders to go to Mexico. He has since been stationed in El Paso.

SOLDIER GUARDS  
FIRE ON BOATMAN

(BY A. F. DAY WIRE.)  
OAKLAND, May 22.—Soldiers guarding the plant of the Union Works on Oakland estuary fired on a man who was endeavoring to climb a rowboat close to the plant.

It was known today, as the result of police investigation, that the man of a watchman on the Santa Fe wharf on this side of the estuary Friday night.

According to the report made to the officer in charge of the police, the man was observed by a watchman within a short distance he saw his ears and laid down in the boat which was drifting toward the wharf. When he refused to respond to the hall several shots were fired and the man rowed to safety and search of the Oakland water front failed to discover any trace of him.

JEROME MINERS TO  
CALL STRIKE SOON

(BY A. F. DAY WIRE.)  
JEROME (Ark.) May 22.—Calling of a strike at the United Verde mine and smelter here, voted by the local miners' union, was postponed today until Thursday night, when Friday morning. Last night it was stated the strike would be called Wednesday to enforce demands for a checking system and a grievance committee. A wage increase of 10 cents was granted.

Members of the Verde District Mine Operators' Association said they did not expect the strike to be serious. Union leaders said the vote was 543 to 25 for a strike. Operators paid a secret poll of all miners and "showed 437 for a strike and 106 against it."

Union leaders claimed the vote would spread rapidly to other mines in the district.

GOETHALS WANTS DATA.  
SAN FRANCISCO, May 22.—George Goethals, secretary of the Maritime Bay District Council, is bracing more than 1000 mechanics, caulkers, joiners and builders, will leave for Washington tomorrow, in answer to a call from George V. Goethals, federal shipping board, to furnish data concerning the construction and shipping facilities on the Coast.

# Liberty Loan Plan

## To Negotiate Liberty Bonds at \$102

The bugle call has sounded—calling every man, woman and child to the colors.

Just because you are not of conscription age—you are not exempt.

The quicker you go to your banker or bond house and buy Liberty Bonds the quicker shall we win the war.

If you cannot go to the trenches you can strike a telling blow against brutal despotism.

Money is ammunition. Don't prolong the suffering and delay the outcome by neglect to lend the government your ammunition-dollars.

The Kaiser does not want you to buy Liberty Bonds. He wants you to cripple the United States and its Allies by failure to buy them.

Every one who can, and does not, is handicapping Uncle Sam in his righteous fight.

Make your break with the Kaiser today. Go to your banker or bond house and sign your name to a Liberty Bond purchase.

Woman—here is a great opportunity for you.

Serve humanity, serve your country and hasten relief by buying Liberty Bonds. Your efforts count as much as any man's in this way.

Act now and avoid the memory that you failed in the hour of test!

This means you! Our government must borrow \$2,000,000,000 from its citizens immediately—

And get it "with the least possible disturbance to the business fabric of the country"—

To help, we are operating this plan and suggest all other manufacturers and merchants adopt it.

It is simplicity itself—

**WE WILL ACCEPT LIBERTY BONDS ON THE BASIS OF \$102, FOR ENTIRE OR PARTIAL PAYMENT ON COLE MOTOR CARS.**

This plan accomplishes these three very necessary things for the success of the Liberty Bond issue:

1. It makes it easier for the government to sell the Liberty Bonds.
2. It enables the purchaser of the Liberty Bonds to advantageously use them in securing the necessities and comforts of life.
3. It fortifies, expands and develops American business.

For example—You want a seven-passenger Cole Touring Car, Price \$1795 at the factory, Indianapolis.

If you possess seventeen \$100 and one \$50 Liberty Bonds, we will give you \$1785 in merchandise for them. You only pay us the difference of \$10 cash and get the car.

Or, if you have a second-hand car, let us say worth \$775, our dealer will take the car and ten \$100 Liberty Bonds and give you a new \$1795 Cole seven-passenger touring car.

In fact, all the various types of purchases and trades are included in this plan. The only difference being you use your Liberty Bonds just as you would cash.

You can make partial payment in Liberty Bonds for a Cole car, but it is to your advantage to invest the entire Cole list price in Liberty Bonds first, then buy your Cole car with the bonds.

No doubt you intend buying these bonds—probably have done so already.

The Cole plan helps you to do your bit—a great big bit, too—for your government and not inconvenience yourself. Instead, you actually save money by buying the bonds and using them.

If at a later date you want to redeem the bonds with which you purchased a Cole car we will return them to you.

Secretary of Treasury William G. McAdoo is touring the country, making public appeals.

Help him in this crisis!

If he could talk to you personally you would not hesitate—because there is not a shadow of a reason

Why you should not buy Liberty Bonds.

This money will be spent by our government in our own country for the purchase of materials and supplies required for the proper conduct of the war.

You do not assume a single risk in buying Liberty Bonds—but you do help avoid innumerable risks and dangers to yourself and others. There never was a time when you could put your money to better use.

And now the Cole Liberty Loan plan makes it simpler and easier for you to do your duty.

Even though the bonds have not yet been issued, you can negotiate the Cole Liberty Loan plan at once, as follows:

Go to your banker, give him your orders for the number of bonds you want and he will give you a receipt. Bring this receipt to us—it is as good as cash—and we will accept it on the basis of \$102 as whole or partial payment on a Cole car.

This Cole Liberty Loan plan is heartily endorsed by New York bankers, both as a practical advantage and a worthy undertaking.

Enough of flag waving and mere talk. Let us get down to business.

We suggest that all motor car manufacturers adopt this Cole plan.

We suggest that all merchants, no matter what the nature of their business, adopt it.

We suggest that all bankers recommend this Cole Liberty plan to business men in their communities—large and small.

But, above all, our government needs action—today.

Your investment in Liberty Bonds is worth more than a flag in your buttonhole!

Go to the nearest Cole dealer at once and get full information.

J. J. COLE, President.

## GROUND IS BROKEN FOR GREAT NEW SHIPYARD.

Members of New Company are Named; Keels to be Laid This Summer.

Work was started yesterday on the mammoth shipyard of the Los Angeles Shipbuilding and Dry Dock Company at the foot of the harbor district, which will be the largest ever in the harbor district, will be completed as rapidly as possible. It is in order that work be begun at the earliest possible moment on eight large vessels constructed for the United States Navy. The shipyard is being constructed by the Los Angeles Shipbuilding and Dry Dock Company, which, under the management of Maj. Gen. George W. B. Smith, is creating the shipyard.

## MILLIONS PAID IN OIL DEAL.

Final-Dome Property at San Luis Obispo Purchased by Union Company.

Involving more than \$2,000,000, the sale of the property of the Final-Dome Oil Company to the Union Oil Company was announced yesterday. The transaction is one of the largest concluded in the San Luis Obispo district for years.

The transfer includes much producing property, refinery at Bitterwater, pipe line of nearly seven miles, compressor plant for making gasoline from natural gas and several marketing stations in and around Los Angeles.

The new owners will continue operations along the lines previously followed.

## INITIATIVE ORDINANCE TO OUST BILLBOARDS.

People will Take Matter in Own Hands if Council Remains Obdurate.

AGGRESSIVELY taking the field in opposition to evaporation and procrastination on the billboard question, the Outlook Association, with headquarters in the Broadway Central Building, yesterday inaugurated a campaign that, it is announced, will end only when the unsightly sign-fences are absolutely eliminated from the residence sections of Los Angeles.

The new owners will continue operations along the lines previously followed.

The association, in outlining its campaign, adopted the following resolutions: "Whereas the attitude of various members of the City Council is refusal to support an ordinance that will effectively regulate billboards within the corporate limits of Los Angeles city; and

"Whereas the present unsightly billboards are a disgrace and a disfigurement to our city; and

"Whereas the unrestricted use of billboards is destructive of property values and an injustice to property owners throughout the city; now, therefore, be it

"Resolved, that the Outlook Association hereby places itself on record as emphatically opposed to the dilatory tactics of members of the City Council who are supporting an alleged regulatory ordinance that will not regulate and who are postponing the adoption of an effective regulatory ordinance; and be it further

"Resolved, that the Outlook Association invites the co-operation of all civic organizations and persons interested in the betterment of the city for billboard regulation, either through the adoption of a proper ordinance by the City Council or by an ordinance adopted through the provision of the initiative."

**ROMES COME FIRST.**  
Mrs. James F. Scheraga, president of the association, made the following statement: "Los Angeles is pre-eminently a city of homes, and its civic beauty is probably more marred by the billboard nuisance than is that of any other city of the United States."

"Every prominent man of Los Angeles is interested in its elimination. It is

"The billboard battle raged with renewed fury in the Council chamber yesterday. On the floor of the chamber Councilman Lindsey took an oath to wreck every newspaper in Los Angeles if she fails to 'clean them up'."

The billboard magnates, manning the chamber as usual, showed their approval and assured her of their continued support. The faces of their billboards yesterday flamed with appeals for aid of the Council members who have deliberately reversed themselves and abandoned the people's interests for those of the trust.

Throughout the city the billboards blazoned their reciprocity with the legend: "These are your fearless public servants—Councilmen Lindsey, Councilmen Langdon, Roberts, Wheeler, Wright. They refused to take orders from the newspapers or to be intimidated by them. For them June 8."

This appeal in letters eighteen inches high confronted the public between the two Council members who are running for office and the billboard trust. The strange attitude of this majority caused audible comment at the meeting yesterday. "Who is dictating the stand of the Council members who disclaim so vociferously their connection with the newspapers?" was the question most often heard.

Councilman Conwell, in opening the day's contest, presented each member with the copy of his proposed ordinance. He called for no discussion, and merely stated that he would ask for its passage on this coming Friday. "My plan will do what at one time this body was apparently unanimous for—take the billboards out of the residence districts," he said.

**CONWELL ORDINANCE.**  
His plan proposes the establishment of four zones of control. Billboards are to be allowed full swing in the downtown business district. There they can place 1,500,000 lineal feet of boards, or more than 208 miles of signs.

The next zone is the semi-business territory. This territory shall comprise all nonsubdivided territory and all subdivided land, 75 per cent of which is vacant and devoted to grazing, agriculture, horticulture or similar things. In this territory signs twelve feet square are to be permitted.

The final district is the residence district. This shall comprise all areas not included in the other zones. In this, no boards are allowed twelve feet square are to be allowed under any circumstances.

## PLAYS SYSTEM OF PROBATION.

"Repeater" Who Must Go to Jail Tells Judge It Is "The Bunk."

Cecil Sharp, an incorrigible young man, condemned the probation system, so popular in local courts, yesterday when he was brought before Superior Judge Reeve in the juvenile court.

"This probation idea is the bunk, judge," he said. "You get in a jam, and then you get probation and you figure it wasn't so bad after all, and you keep right on going wrong. I wish I had been sent up a year or so ago, and I'd be just that much ahead."

"This idea of letting the kids go and report once a month to some guy is the bunk, I tell you. It don't work, and if you knew what the kids who are out on probation thought, you'd be more careful about giving it."

The boy was committed to the Preston School of Industry, at Long Beach, during his minor. He was a "repeater" in stealing automobiles.

times in minor roles in big motion picture productions.

"I have never loved Joseph," the girl said last night. "But mama and I had treated him as one of my own brothers. Two of my brothers were killed in the present war, and mama always treated Joseph as one who had come to take their place."

Mrs. Woodward, a widow, was alone at her home, No. 748 Otisville street, late last night. Her daughter, Olive, was attending the dramatic school. Murray called at their home quite late and announced he would wait until Miss Woodward returned home. He was sitting in the parlor chatting with the girl's mother when Miss Woodward came.

Murray advanced toward her, uttering passionate words of love. "You must leave this house," the girl told. "Go to once!"

Instead Murray drew a revolver and aimed it at Miss Woodward. The girl screamed and ran toward them. As Woodward fired the mother tripped her daughter. Miss Woodward fell to the floor, and the mother received the bullet in her mouth. While Mrs. Woodward grappled with the mad-dened young man, the girl ran to the street, screaming. Mrs. Woodward's injury was not serious.

Murray freed himself from the woman's grasp and ran through the house to the kitchen. Two more shots rang out. When the mother and daughter reached his side, he was lying on the floor. He had fired a bullet through his heart and another through his head.

Murray lived at 807 East Ninth street.

**JUNK MAN ARRESTED.**  
Ray Kockberg, a junk dealer, will collect no junk for 140 days. He was sentenced to spend that much time in jail by Police Judge Crawford at the University Police Court, yesterday afternoon. According to testimony, Kockberg attacked Mrs. Charlotte Glenn of No. 4525 Wesley avenue. He went to her home, asked her if she had any junk to sell, and when she turned to enter the house he attacked her. Mrs. Glenn screamed and fought him away from her. Her calls for help were heard by Officer Benjamin, who chased the man for two blocks. Kockberg denied the charge.

**ATTEMPT MADE TO BURN SICK WOMAN IN HER BED.**  
Second in a Year.  
Los Angeles owner of a big Imperial Valley ranch, whose sickroom was flooded with distillate in an unexplained attempt of a hidden enemy to make her house near Holtville her funeral pyre.

FOR the second time within a year, a bizarre attempt was made Monday night to burn the Imperial Valley home of Mrs. Della Foster, a Los Angeles woman who has a large ranch three miles from Holtville. Officers who investigated the occurrence believe it was the purpose of two unknown men to make Mrs. Foster's house her funeral pyre, as she was known to be sick and helpless in bed.

The case rivals in mystery and in its unusual features that of Tom C. Potts, the handsome Holtville druggist, who was injured for life by B. C. Lytle, the furitive actor in prison, who is now serving a term in prison.

Last November the first trouble was encountered at Mrs. Foster's home, when the contents of a distillate tank near the kitchen was spilled upon the kitchen floor. Mrs. Foster discovered the presence of the inflammable material before any harm resulted.

Monday the attempt was on a larger scale. Mrs. Foster was lying on her sick bed, and Mrs. Adeline Barnes, a nurse, who cares for her, was out of the room. Mrs. Foster detected the fumes of distillate and saw the flame in a kerosene lamp sputter. She then realized the floor of the room was covered with flowing distillate. Panic with fear, she called for Mrs. Barnes.

The nurse dashed into the room as the purplish flames were spurting ominously. She realized the situation and extinguished the flame. As the room was plunged into darkness, the climax of the women's terror came, at a window they

## GOVERNMENT PLANS TO CONDEMN NORTH ISLAND.

Army and Navy to Share the Flying School; Camp May Go South.

NORTH ISLAND, near San Diego, long under negotiation for sale between its owner, John D. Spreckels, and the United States government, is at last to become the property of the government through condemnation proceedings. According to San Diego advice, the government has signified its intention of condemning the property for army and navy use and paying therefor \$1,500,000. The island consists of 1200 acres and would be used, it is understood, as a base for training sea and airplane, and as headquarters for a coast patrol. The plans as outlined at present have divided the island into two parts. The western part, or 800 acres, will be taken over by the Navy Department, and will have a base established for the training of men in the management of seaplanes and also a coast patrol of dirigibles. The army will remain in the eastern half, where it is now established, and will also have a permanent home for the First Aero Cavalry.

**BIG CAMP, TOO?**  
San Diego may also land another big plan in the shape of the big Southern California camp for training the men to be drafted for the army.

After having spent several days in inspecting various tracts of land in the vicinity of Los Angeles that have been offered or proposed as sites for the training camp and later a location of possibly an aviation appropriation, the United States Army, the members of a special committee appointed for this purpose, have been in the city, while the others have gone to San Francisco and other points.

While here the committee, which is composed of Brig.-Gen. W. L. Sibert, commanding the Coast Artillery on the Pacific Coast; Lieut.-Col. Charles Lynch, assistant in the departmental surgeon of the Army; and Capt. Richard Park, Corps of Engineers, United States Army, were accompanied on their inspection trips by members of the Committee on Military Affairs of the Chamber of Commerce, of which Capt. J. D. Fredericks is the chairman.

Sites in the San Fernando Valley, at Redondo Beach, and other localities were visited. The result of the investigation will not be definitely made until after the committee makes its report to the authority which appointed it for this work; but it was stated last evening that they have not yet found in this locality any tract that exactly suits the needs, and that it is probable the committee will give a favorable report on a site in the vicinity of San Diego.

Such a tract as is desired would comprise between 25,000 and 30,000 acres.

**ATTEMPT MADE TO BURN SICK WOMAN IN HER BED.**  
Second in a Year.  
Los Angeles owner of a big Imperial Valley ranch, whose sickroom was flooded with distillate in an unexplained attempt of a hidden enemy to make her house near Holtville her funeral pyre.

FOR the second time within a year, a bizarre attempt was made Monday night to burn the Imperial Valley home of Mrs. Della Foster, a Los Angeles woman who has a large ranch three miles from Holtville. Officers who investigated the occurrence believe it was the purpose of two unknown men to make Mrs. Foster's house her funeral pyre, as she was known to be sick and helpless in bed.

The case rivals in mystery and in its unusual features that of Tom C. Potts, the handsome Holtville druggist, who was injured for life by B. C. Lytle, the furitive actor in prison, who is now serving a term in prison.

## PEN POINTS

BY THE STAFF.

This is a nation of equal opportunity and obligation. Every man must do his share.

How do motion-picture producers diagnose a disease in seven seconds by feeling the pulse?

The new ships to be built on the Pacific Coast will no doubt be "swells of the ocean."

Let us not think for a minute that war with a first-class power will be a Sunday-school picnic.

"We are seven"—the billings combine in the City Council, an apology to Jean Ingelow.

Will the farmers whose efforts are limited to the back-yard garden be eliminated from the draft?

In spite of the fact that the country is calling, there are a lot of men who claim they cannot hear without an ear trumpet.

The Billy Sunday advance guard are getting their pictures in the papers. They are no over-the-hill single bet on the cloth.

A man can be loyal to the country and do his bit by being mean to his neighbor. It will be a supreme sacrifice for some.

And where are the uniformed villain organizations that in times of peace march with such pomp and array in the streets behind a band?

Will Winter please get out of the lap of Spring? The grass which he holds slightly senescent in the caption rooms of the Los Angeles apartment houses are talking to her.

The war registration and election occur on the same day, June 5. All a fellow has to do is vote and then drop around the registrar for service "somewhere in France."

The part we are playing in the war will be of profit to our descendants, but the present generation must bear a willing hand in the payment of the bill. So let everyone look pleasant.

At home the Germans are asked to do what they are told without asking questions. It would be wise for them to show a little curiosity when they are told to do it in this country.

During the War of the Rebellion between 16 and 20 years ago up the bulk of both armies they are not being drafted Mother voters—which makes all the difference in the world.

Some of the inmates of the County Jail are of a literary turn. In the method of composition are heaped several have been working on a sentence for six months or more and it is not completed yet.

Belva Lockwood is dead. Remember when Belva made the year President in 1884? Quite a change in the attitude of the country as to question of woman suffrage since she carried the banner at the beginning of the procession.

Ecuador wants to sell the Galapagos Islands to the United States. Since Denmark realized that the Virgin group the islands would be of value only as coaling stations and for strategic purposes.

Herbert C. Hoover has been appointed Food Controller by President Wilson. Recently Mr. Hoover has sold the price of flour could be reduced to four cents by proper control. He will now have as opportunity to make good. He certainly has a full man's job on his hands.

American engineers are the best in the world. They are needed because the American mechanical and engineering genius is accustomed to completing rough and ready work. They will have the initial opportunity to perform a notable service for the French nation.

The election of a Sinn Féin member is serving a three-year sentence on prison in connection with the Irish rebellion to a seat in the Irish House of Commons. The Sinn Féin drift away from Nationalism and toward a more radical, more revolutionary government. The result of the election will be received with interest in Berlin and in the Irish republics in America.

If the United States Supreme Court orders the dissolution of the United States Steel Corporation, the country will be seriously concerned. The steel industry is the backbone of the nation. The steel industry is the backbone of the nation.

## HOG FEEDER IS

POSTAL THIEF?

Strange Drama of Real Life

Revealed by Arrest.

Is Handy, Wins Advancement,

then Comes the Fall.

Man He Supplanted Said to

Have Turned Informer.

The truth of the old saying that a

man who talks too much takes a

chance, was exemplified yesterday

when Postoffice Inspector Cookson

received a telegram stating that Ed-

ward A. Andrie, alias A. R. Landry,

alias "Bob" Landry, had been ar-

rested in Chicago, and would be re-

turned to Alexandria, La., for trial

on a charge of embezzling about

\$10,000 in postal and money orders.

Andrie, alias Landry, up to last

Tuesday night, was superintendent of

the Rindge ranch in the Malibu. He

dropped in there about a year ago, it

appears, and engaged as a hog

feeder. A short time later he was

made foreman of the ranch, suc-

ceeding R. S. Lloyd.

But right there came his unde-

ling. Andrie had told Lloyd, it is

alleged, that he was wanted for em-

bezzling postoffice money, but he did

not indicate the amount of cash that

he was short or where the postoffice

was located. As Andrie had got

Lloyd's job as superintendent, the

latter, it appears, proceeded to get

even, and informed Postoffice In-

spector Cookson that Andrie was

wanted somewhere for being short

in his accounts.

Mr. Cookson looked over his cir-

culars and found that Edward A.

Andrie, postmaster at Glenmore,

La., was wanted for embezzlement;

that he had been indicted by the

the Month.

The trial of Supervisors

Hamilton, Norton and Wood-

ley, County Auditor-Lewis and

County Treasurer Hunt, under

the accusations filed by the

grand jury, will not be set,

Judge Wood decided yester-

day, until the officials appear

in Department Ten on the

31st inst., to answer to the

charge of misconduct in office.

The calendars of the various

departments are crowded.

Before assigning the case to

trial, Judge Wood will ex-

amine the docket in each de-

partment.

Federal grand jury at Alexandria,

La., February 10, 1916; that he left

that part of the country December

26, 1915. The similarity of the names

Andrie and Landry—he was un-

derstandably known under the latter

name on the Rindge ranch—caused

the inspector to think that they were

one and the same person.

Last Wednesday, Postoffice In-

spector Cookson, with Deputy United

States Marshal Bassett and a pair

of deputy sheriffs, made the trip to

the Rindge ranch, and discovered

that Andrie had been warned by

some one and had disappeared.

One of the railroad ticket offices

in this city was utilized then to lo-

cate the fugitive. It was discovered

that on Tuesday, May 15, a man

answering the description of An-

drie had purchased a ticket over

the Santa Fe for Washington, D. C.

The wires were requisitioned, and

Andrie was captured as he stepped

## SUES FOR OLD JOB.

Outst Supreme Secretary of the

Fraternity Brotherhood Demands

He be Reinstated on Ground

that His Demoral was

Against the Rules.

Claiming that under the provi-

sions of the constitution of the Fr-

aternity Brotherhood he was illegi-

timately ousted from the office of Supreme

Secretary and that H. V. Davis was

illegally elected, Charles W. Damp-

ster, in a suit filed yesterday for a

writ of mandamus, asked that the

court compel the executive coun-

cil of the Supreme Lodge to restore him to the office he held.

Mr. Dempster demands all the privileges, benefits, immunities and emoluments of office and his salary of \$100 a month. The constitution and the bylaws are quoted to the effect that Mr. E. R. Neldig, former Supreme President, had no right to vote and that the necessary two-thirds vote was not cast. He also claims he was not given the fair trial guaranteed by the constitution.

The petition filed yesterday follows two damage suits, one for malicious prosecution and the other alleging conspiracy to injure his good name.

The defendants include Charles S. Hardy, Supreme President; A. Morgan Duke, C. M. Anderson, Margaret E. Keller, George

Greenwell, F. E. Randall, H. W. Bower, J. A. Hatchelor, C. W. Decker, T. G. O'Malley, H. V. Davis and Emma R. Neldig, former Supreme President.

WIDNEY CONFIRMED.

Erwin W. Widney was confirmed by the City Council in the position of city prosecutor, following the receipt of the appointment announce-

ment of Mayor Woodman. This completes the matter of securing a successor to former Prosecutor Williams.

Prosecutor Widney was sworn into office in the afternoon and announced that Frank C. Richards would be his assistant and Lyle Frendergast, his chief deputy. As-

stant Prosecutor Claude Morton has announced his intention of entering private practice very soon.

FOR NATIONAL TRANSFER.

Councilman Wright wants the government to accept eligibles on the local civil service lists as mem-

bers of the United States Quarter-master's Department. He introduced a resolution in Council suggesting that Mayor Woodman and the Civil Service Commission request the

United States Civil Service Commission at Washington, through Con-

gressman Osborne, to accept local eligibles in the national organiza-

tion. He and Councilman Collins were appointed a committee to tell the Mayor and the commission about it.

Knowledge is a High-power Rifle

An Opportune and Extraordinary Premium Offer. The Times has made arrangements to distribute to its patrons, as a premium with the Daily and Sunday Times, the interesting book entitled

"Military and Naval America"

BY CAPTAIN HARRISON S. KERRICK, COAST ARTILLERY CORPS, U. S. ARMY. (Published by Doubleday, Page & Co., New York.)

This Book. THE RETAIL PRICE OF WHICH IS TWO DOLLARS PER COPY, is an Encyclopedia of Valuable Information, trustworthy, timely and authentic, concerning the various activities of the

Army and Navy and of the Auxiliary Elements of National Defense: The Coast Guard, (Revenue Cutter and Life-Saving Service) The American National Red Cross, Military Colleges, Camps of Instruction, Rifle Clubs, Boy Scouts, Etc.

Characteristic Illustrations, Maps, Diagrams, and tables of organization, strength and pay.

A Book for Soldiers. A Book for Sailors. A Book for Regulars. A Book for Volunteers. A Book for Young Men. A Book for Old Men. A Book for All Men. A Book for Citizens "on foot and in carriages."

Contains a Comprehensive Glossary of Military and Naval Terms, and answers practically all questions that any one, whether soldier or civilian, would be likely to ask concerning the Army and Navy. Besides, its style is fascinating.

A handbook of facts in a crisp and vivid style. Prepared by the authority, and with the help of the U. S. War and Navy Departments.

Save Old Copies of The Times They Are Worth Money

As a means of inculcating a spirit of thrift and developing money-making and money-saving habits in Los Angeles boys and girls, The Times Circulation Department, until further notice, will buy and pay cash at the rate of one cent a pound for complete old copies of The Times delivered at The Times Office, corner First and Broadway.

This offer applies to old copies of The Times only. No other paper will be accepted. Times subscribers can earn approximately 15 cents a month for their favorite charity by the sale of 80 copies of the daily and Sunday Times; and boys and girls can earn considerable spending money by collecting old copies of this newspaper from friends and neighbors.

Church societies, benevolent associations and other charitable organizations can increase their incomes by taking advantage of this offer. Bring or send all of your old copies of The Times to the Times Circulation Department, where they will be paid for in cash at the rate of one cent a pound, or \$20 a ton.

Out-of-town subscribers to The Times may make arrangements with the nearest Times agent for the sale of old copies of this newspaper. All papers must be free from dirt and in good general condition, as well as properly folded and tied in bundles.

The Times-Mirror Company

ALASKA and Canadian Pacific Rockies. Spring St., Los Angeles, Cal.

## ALL BUILDING FORCES NOW UNDER ONE HEAD.

Local Exchange Rounds Out Quarter-century of Highly Progressive Construction Work by Absorbing Master Builders' Organization, a Crowning Achievement Made Necessary by the City's Growth.

ROUNDING out an even quarter of a century of useful service in this community, the Builders' Exchange of Los Angeles yesterday accepted into its membership a score of firms and individuals formerly identified with the Master Builders' Association, thereby completing the absorption of that body and bringing all the building crafts and material men's and contractors' organizations of the city under one head.

The event was the final and crowning move in the work of reorganization begun by the exchange a year ago.

The former members of the Master Builders' Association, which merged with the Builders' Exchange include some of the strongest concerns in the building field in Los Angeles and add much to the strength of the old-time organization. Those who voted into the exchange yesterday were the C. J. Kubach Company, J. J. McNeil, Leonard A. F. McNeil, George Plinning Mill Company, Erick Lund, Houghton and Anderson, the Walter Slater Company, the Half-Martin Company, J. A. Crook, J. J. Atkinson, Weymouth Crowell, Fred C. Correll, Western Blind and Screen Company, Acme White Lead and Color Company, H. T. Miles & Son, the National Lead Company of California and the Atlas Roof Company. A little more than a month ago, on April 19, the exchange formally adopted a new constitution on which a committee representative of the various building crafts identified with the organization had been working for practically a year. At the same time the annual election of officers and directors took place, the directorate being based on a new plan of having one representative of each craft on the board. The consolidation of the Master Builders' Association with the exchange, therefore, marked the last step in the movement for organizing the building interests of Los Angeles on a substantial working basis.

### OUTGROW ITS QUARTERS.

The Builders' Exchange was organized in April, 1912, being incorporated under the laws of California. It has been in continuous operation ever since, having occupied quarters in the Bimston Building at Third and Spring streets for the past twenty years. The organization has grown until it now occupies the entire south half of the top floor of the building. Including the members taken in yesterday, the exchange now boasts a membership of close to 300. The reorganization just completed was made necessary on account of the great growth of the building business in Los Angeles. Under the old organization and constitution the body had become unwieldy and its work of looking after the interests of the building and material men had become difficult. The adoption of a constitution to cover changed conditions and the perfection of a new plan of individual representation on the board of directors for the various crafts followed.

Following are the crafts that now have representatives on the exchange directorate: Brick and mason contractors, brick and burned clay products manufacturers and dealers, builders' hardware association, cement manufacturers, cement, concrete, roofing contractors, cornice and sheet metal contractors, electric and gas fixture manufacturers and dealers, electrical contractors, glass dealers, general contractors, hardwood flooring contractors, heating contractors, lime, cement, plaster, metal lath and button lath contractors, lumber dealers' association, marble and tile manufacturers, dealers and contractors, metal ceiling contractors, ornamental iron, structural and reinforcing steel contractors, paint and glass manufacturers and dealers, painting contractors, paper dealers, plumbing and steam fitting contractors, safes, vaults and iron door dealers, sand, gravel, grading and excavating contractors, steel, door and mill dealers, sewer pipe manufacturers, stone dealers, street paving contractors, waterproofing dealers, wood and metal lath contractors and building specialty dealers. Brokers handling building insurance and bonding matters are also represented.

### HARMONY A MOTTO.

The Builders' Exchange always has stood for harmony between capital and labor in all lines of building operations and has played a most important part in keeping Los Angeles free from building trades troubles such as have hampered development in so many cities. Its policy has been one of fairness to labor at all times. The exchange always has refused to accept dictation from walking delegates, but at the same time has been impartial in its attitude toward union and nonunion workers. It has stood for co-operation upon the part of employers and employees for the mutual benefit of each, as well as of the public, and has so enjoyed the respect of both capital and labor that its good offices in arbitration have been sought almost every time strife has arisen in construction circles in this city.

The exchange is also performing a service of inestimable value to the public by constantly striving to uphold standards of building in Los Angeles. It has fought for years to rid the city of the fly-by-night type of contractor, who bids work lower than it can possibly be done for, and then flees with what money he has been able to collect, leaving the owner and various subcontractors and material men to hold the sack.

One of its principal objects is to weed out and make outlaws of all unscrupulous contractors and builders, and to this end it has worked hard to bring about standard forms of contracts, standard specifications, standardized materials and, in so far as may be practicable, standardized wages to workers in the building trades. The exchange has also done much to foster better planning and designing of buildings by insisting that its members leave these important functions to competent architects instead of trying to combine them with ordinary contracting work. It has always worked in harmony with the local chapter of the American Institute of Architects toward this end, and has interested itself not a little in this phase of civic work.

OFFICERS OF EXCHANGE.  
The present officers of the exchange are: J. H. Dean, president;

R. A. Warren, first vice-president; R. L. Weaver, second vice-president; John Griffin, treasurer, and Harry M. A. Berns, R. Wolcott, L. F. Danforth, J. Webster, Robert D. Gould, W. E. Hoover, Walter Simmons, P. E. Sawyer, W. E. Stradley, George Pedgrift, William Henry, O. E. Arbogast, Homer Hayward, William McArthur, Joseph Specht, G. E. Turner and G. W. Saurret, constitute the board of directors. Following are the firms and individuals constituting the membership, the list being subject to change as new members received yesterday:

Acme Cement Plaster Company, A. L. Weaver, secretary, vice-president; John Griffin, treasurer, and Harry M. A. Berns, R. Wolcott, L. F. Danforth, J. Webster, Robert D. Gould, W. E. Hoover, Walter Simmons, P. E. Sawyer, W. E. Stradley, George Pedgrift, William Henry, O. E. Arbogast, Homer Hayward, William McArthur, Joseph Specht, G. E. Turner and G. W. Saurret, constitute the board of directors. Following are the firms and individuals constituting the membership, the list being subject to change as new members received yesterday:

## The Public Service.

At the City Hall.  
**TERMINAL INDORSED  
BY REALTY BOARD.**

**SALT LAKE PROJECT FINE FOR  
LOS ANGELES.**

Urges Granting of Any Reasonable Franchise in Order to Enable the Railway Company to Rush Work on the Immense Freight Buildings.

The City Council yesterday received a communication from the Los Angeles Realty Board endorsing the Salt Lake Railroad freight terminal project. The officers of the board suggested that the public officials do everything possible to assist in hurrying the plan to completion.

Attention was directed to the wonderful good the additional terminal facilities would do for the business prosperity of the city. The general sentiment of the Council concurred in the resolutions of the board.

The site of the proposed terminal is located east of Alameda street, between Eighth and Hunter streets. The communication of the board was received with thanks and filed.

### CONDEMNATION SUITS.

**FOR SILVER LAKE DRIVE.**  
The City Attorney and the City Engineer were instructed by Council yesterday to start condemnation proceedings for land necessary to open Silver Lake drive between Exeter street and Radcliff street in the Lands tract. This short section of land is needed to complete a considerable portion of the drive.

### NEW ACTION WILL NAME OTHER WOMAN.

**JUDGE SUGGESTS REMAKING OF  
DIVORCE COMPLAINT.**

Woman Asks Decree on Cruelty Charge Because She Says Husband Made Her Sing in Cabaret. Chance Mention of Alleged Love-Child Tendances Interests Court.

Attorney H. L. Myers was instructed by Judge Taft yesterday to incorporate in the amended complaint of Mrs. Lenore Johnston allegations involving the other woman incidentally mentioned in the distraught wife's divorce action.

Mrs. Johnston testified that Jack Johnston forced her to sing in a cabaret to swell their earnings, and she only ceased so doing when a nervous breakdown threatened. Asked what was the direct cause of their separation, she replied that it was a quarrel over a woman. "He persisted in going with her after I asked him to let her alone, and I left home," Mrs. Johnston told the court. She added that her husband's boasts of his conquests humiliated her. A decree on the ground of cruelty was denied to make way for the more specific charge.

### BRIEFLY MENTIONED.

**IN COURTS AND OUT.**

**DAMAGE SUIT.** Florence L. Krebs asked \$5000 damages in a suit filed yesterday against the Illinois Electric Company for injuries

she received when the corporation's automobile struck her while she was crossing Pico street, near Figueroa street, April 24, last. She claims the driver of the automobile, D. C. Pence, was negligent.

**HER NEW HOME.** While Hazel and Samuel De Bues are awaiting the outcome of their divorce suit, their daughter, Hazelene De Bues, 3 years old, will have a temporary home with Mrs. Rosa McDonald, a friend of the wife. This was decided on by Judge Jackson. Mr. De Bues claims that his wife is not a proper person to have the custody of the little girl. She denies this, and the fate of Hazelene will be decided in the divorce court.

**RELATIVES WIN.** Fortune smiled on Mrs. Emma Mann and her first husband. After his death she came to Los Angeles and married again. But she died without leaving a will, and relatives of her first husband fought to have her share in the \$25,000 estate. The case was tried by Judge Houser yesterday, who held that the contestants, failure-to-provide charge, Kashwagi, Seyro Sakaguchi, Kuhel Trukahira and Tomikichi Uehara, capital stock \$50,000, subscribed \$250.

### INCORPORATIONS.

The Whiting-Keece Cultivator Company, incorporators, Dwight Whiting, George N. Whiting and Richard A. Keece, capital stock, \$25,000, subscribed, \$1; The Tokyo Company, incorporators, Imiko Anasui, Yoshio Kashwagi, Seyro Sakaguchi, Kuhel Trukahira and Tomikichi Uehara, capital stock \$50,000, subscribed \$250.

### Application.

**TOO MUCH THEORY?**

And Not Enough Practice, Declares Wife, Who Says She Needs Food From Her Husband, Who Is Writing a Book Upon Success in Life.

While James Nickum of Pasadena is writing a book on success, his wife, Mary Nickum, charges that she and their four children are living by the earnings of their seventeen-year-old daughter, whose wage is \$4 a week. Mr. Nickum will answer a failure-to-provide charge, Kashwagi, Seyro Sakaguchi, Kuhel Trukahira and Tomikichi Uehara, capital stock \$50,000, subscribed \$250.

### Barrett Trial Set.

**Alleged Slayer Arraigned on Charge of Insanity.**

Benton L. Barrett was arraigned in Superior Judge McCormick's court yesterday on a charge of insanity, and his trial set for June 11. In case Barrett is found sane by the jury, the District Attorney plans to charge him with the murder of Raymond Wright, his stepson. Barrett was recently tried and acquitted of the murder of his wife, Irene Barrett, who was represented by attorneys Ona Morton and Arthur Collins.

### BONDS AWARDED.

The Board of Supervisors yesterday awarded to Torrance, Marshall & Co., \$20,000 bond of bonds of the Hyatt Park School District on their bid at par. The bid was accepted on the recommendation of the trustees of the school district.

### WON'T LOSE POSITIONS.

Every employee of the Universal Film Manufacturing Company who has enlisted was yesterday handed the following letter, signed by President Carl Laemmle:

"This is to confirm the understanding between the Universal Film Manufacturing Company and any of its employees who are called to the colors, namely, that their positions will be open to them when they are discharged from the service of the government. I am glad of this opportunity to express my deep appreciation of your loyalty to the flag, and assure you we will be only too glad to reinstate you in your present position and at the same salary when you are at liberty to return to resume your present duties."

### SUIT OVER CHEESE.

A. Guirani & Bro. claim that they demanded the possession of twenty-one cases of white cheese, valued at \$1600, from F. Caso, and the Southern Pacific and that a demand was refused. Yesterday Guirani & Bro. brought suit against Mr. Caso and the railroad for the cheese, or their money value, and in addition \$200 damages. The goods were received by the railroad in Monterey county last Sunday.

### Style and Comfort

FOR many years thousands have found foot comfort in Mayer Martha Washington Shoes.

The Mayer Martha Washington shoe has now been enlarged so as to give you your choice of all the newest and most up-to-date designs, combining style and beauty with the same Mayer Martha Washington quality and comfort you have learned to depend on.

A right-up-to-the-minute Martha Washington model.

### Martha Washington Shoes

But be sure to look for the Mayer Trade Mark and the name Martha Washington on the sole—there are many imitations of these famous shoes.

If your dealer does not handle Martha Washington Shoes, write.
